

Subject: Lecturecast issues for bsc sociology

Hey everyone,

I know that many have been experiencing issues with lecture cast recording. There is a post created on Unitu, our student voice platform. The more votes and comments we gather on it, the faster I as a rep will be able to escalate it to staff on Unitu to engage and resolve the issue.

If you have any issues logging in, let me know.

Please give a thumbs up and comment if you'd like to see this issues solved by staff.

Thanks,

Anish Bagga
