

Hey everyone,

I know that many have been experiencing [feedback type, e.g. questions/ issues] with [content of feedback, e.g. lecture cast]. There is a post created on Unitu, our student voice platform. The more votes and comments we gather on it, the faster I as a rep will be able to escalate it to staff on Unitu to engage and resolve the [feedback type].

Here's the link to the post: [url]

If you have any issues logging in, let me know.
